

PRAKASH A

.NET Full Stack Developer

9655610492 | pr78847@gmail.com | LinkedIn: [PrakashA](#) | Tamil Nadu, India

PROFESSIONAL SUMMARY

Results-driven **.NET Full Stack Developer** with **4.5+ years of experience** building enterprise-grade applications using **C#, .NET Core, REST APIs, React, SQL Server, and Azure**. Proven track record integrating **Azure OpenAI** into production workflows to automate Tableau-to-Power BI dataset migration at scale. Hands-on experience with **GitHub Copilot, prompt engineering, and AI-assisted development**. Actively upskilling in **Agentic AI** (LangChain, CrewAI, LangGraph, OpenAI APIs) with a portfolio project in intelligent automation. Strong foundation in OOP, design patterns, CI/CD, and Agile/Scrum.

TECHNICAL SKILLS

Languages	C#, JavaScript, SQL, Python (learning)
Backend	.NET Core, ASP.NET Web API, RESTful APIs, Microservices Concepts
Frontend	React, HTML5, CSS3, JavaScript
Cloud & DevOps	Microsoft Azure, Azure Functions, App Services, Blob Storage, Azure DevOps, CI/CD Pipelines
AI & LLM	Azure OpenAI, GitHub Copilot, Prompt Engineering, LangChain, CrewAI, LangGraph (learning)
Databases	Microsoft SQL Server
Data & BI	Power BI, Tableau, Power BI REST API
Tools	Git, Visual Studio, VS Code, Postman, Azure DevOps
Practices	OOP, Design Patterns, Unit Testing, Code Reviews, Agile/Scrum, Secure Coding

PROFESSIONAL EXPERIENCE

Software Engineer — iLink Digital

Nov 2021 – Present

Trichy, India | Enterprise software & digital solutions

- Designed and developed **secure, scalable .NET Web APIs** for enterprise-grade applications serving multiple business domains.
- Integrated **Azure OpenAI** into .NET backend to automate Tableau-to-Power BI dataset conversion and metadata mapping, eliminating significant manual migration effort.
- Implemented **cloud-native solutions** using Azure Functions, App Services, and Blob Storage for scalable hosted workloads.
- Built **reusable React UI components** with pixel-perfect design, enhancing user experience and maintainability.
- Contributed to and maintained **CI/CD pipelines via Azure DevOps**, reducing deployment friction and improving release cadence.
- Conducted unit testing, peer code reviews, and debugging to uphold high code quality and production reliability.
- Collaborated in **Agile/Scrum teams**, consistently delivering features within sprint and release timelines.
- Applying **GitHub Copilot and prompt engineering** daily to accelerate development productivity and improve code quality.
- Actively learning **Agentic AI architectures**: OpenAI APIs, LangChain, CrewAI, LangGraph — building a personal AI automation portfolio project.

KEY PROJECTS

IBridge — Migration Accelerator Platform

Technologies: .NET Core, React, Azure OpenAI, SQL Server, Power BI, Power BI REST API

- Built the core backend engine of the **Tableau-to-Power BI Migration Accelerator Tool** using .NET APIs to orchestrate dataset transformation workflows.
- Integrated Azure OpenAI** to automate metadata mapping and dataset conversion, significantly reducing manual effort in large-scale reporting migrations.
- Developed React-based UI modules for managing migration tasks, progress tracking, and reporting dashboards.
- Awarded a **Client Appreciation Certificate from Overlake** for high-quality delivery and on-time execution.

Embedash — Power BI Governance Platform

Technologies: .NET, React, Azure, Azure Functions, Blob Storage, SQL Server, Power BI

- Developed Admin and User applications enabling Power BI report, dashboard, and dataset management without per-user licensing.
- Designed backend REST APIs for governance, access control, and multi-tenant report publishing.
- Implemented secure UI modules for dashboard administration using React.

Staffing Management System

Technologies: C#, .NET, Angular, SQL Server

- Developed enterprise CRUD-based staffing management system with C# .NET backend and Angular front-end.
- Wrote and maintained unit tests using Karma & Jasmine to ensure front-end stability.

CERTIFICATIONS

AZ-900 — Microsoft Azure Fundamentals

DA-100 — Power BI Data Analyst Associate

EDUCATION

Bachelor of Engineering — Mechanical

2016 – 2020

Saranathan College of Engineering, Trichy
